

Members,

If you would like to receive your game payment, Person2Person (Direct Deposit), you will need to complete the direct deposit form below or provide a blank deposit slip or voided check. This is an option for you to receive your payments for games officiated. Otherwise payment will be received through the US Postal Service. To ensure you receive your payment via USPS, your address used will be the same as the arbiter and background checks. Payments will not be done during meetings, because the system is set to mail the check free of postage and when sent funds are guaranteed. **Any concerns please contact via email listed below for all game fee payments; stevenlewis59@me.com.**
